HALF-BREED OUTBREAK

Resisting a Sheriff Who Attempted to Collect County Taxes.

Half-Breeds of Dakota Claim They are Being Robbed.

Militia of St. John Called to the Scene of the Disturbance.

Henry M. Teller Said to be Slated For the Interior Department.

Half-Breeds Resisted

CHEYENNE, Dakota, February 14.—Considerable excitement exists regarding the half breed situation in this section. At St John it seems vigorous attempts are being made on the part of Rolette county officials to collect taxes from such half breeds as are alleged to be regularly taxable. Yesterday the affair culminated in direct opposition to the policy of the county officials and assumed the appearance of an outbreak. Sheriff Flynn and a deputy made a descent upon a settlement of half breeds and succeeded at first in making a few collections. Later however the half-breeds assembled from all directions being joined by others from the reservation. Pressing about the sheriff and his men they forced him to disgorge his collections.

The sheriff realizing he was no match for the increasing number of savages, returned to St John and called upon the local militia for assistance. Major McKee immediately placed his command under arms. In the meantime a rumor exists that a message had been sent to Governor Church requesting him to give the soldiers at Fort Totten orders to march to St John if needed. The half-breeds are loud in their denunciations of this attempt to collect taxes or rob them as they say and claim that they will resist to the last minute. Sheriff Flynn has been notified that he will be shot on sight if he makes a similar attempt. The alarming part of the situation exists in the fact that a large number of the 4,000 half-breeds on the reservation are preparing to take a hand in the matter and bloodshed is feared. The local militia company at St. John is marching to the scene of disturbance.

Teller for the Interior.

INDIANAPOLIS, February 14.—It is said in well-informed circles here that Senator Henry M. Teller of Colorado is slated for the interior department. Information that General Harrison has had Teller's name under serious consideration for several weeks comes from a very reliable and conservative source. It is asserted, with considerable confidence, that the tender of the portfolio has actually been made to Mr. Teller.

Conference.

BALTIMORE, February 14.—The Sun's Washington special says: It looks now very much as if the Samoan conference at Berlin will not be held by representatives of the present administration. Count Arco Valley, the German minister, called upon Secretary Bayard yesterday and informed him that the letter in answer to Bismarck's proposal for a conference had been sent to Berlin by mail. It will reach Berlin about the 20th inst. The German foreign office will probably take several days to consider Bayard's suggestions and the answer if sent by mail will hardly reach this country before the beginning of the Harrison regime. There seems to be no good reason why the correspondence should not have been conducted by telegraph and the assumption is that Bismarck's resort to the mails is simply a trick to gain time to permit the Samoans before the negotiations at Berlin. In well informed quarters here there is a suspicion that Germany has already sent reinforcements to Samoa to revenge the killing of a number of men in the recent fight with Mataafa. It is not at all unlikely that we will ultimately hear of another Apaolf battle. Bayard, however, has made the most vigorous protest against such a course and has hinted that it will be scarcely worth while holding a conference unless Germany gives practical evidence of a sincere desire to promote the restoration of peace in the islands by foregoing her desire for vengeance.

Powderly on Le Caron.

PHILADELPHIA, February 14.—Master Workman Powderly of the Knights of Labor declares that Le Caron is a cold blooded villain of the worst type and unworthy of credence. Powderly exhibits a letter sent him by Le Caron during the strike of the engineers on the Missouri Pacific road three years ago, endeavoring to entrap him into a conspiracy. Le Caron in the letter, declared that the only solution was through dynamite, and asked Powderly to give him the names of his most trusted lieutenants. While Powderly was pretending to consult peaceful measures, Le Caron would furnish his lieutenants with the materials for the destruction of every bridge and culvert on the line. Powderly warned the strikers to have nothing to do with Le Caron. Powderly has sent a copy of this letter to Michael Davitt, with a letter of introduction, which he declares Le Caron's statements about the dynamite influence at labor conventions in this country untrue.

The French Ministry Resigns.

PARIS, February 14.—When the question of the revision of the constitution came up in the chamber of deputies today Count De Douville Maillefeu moved that the debate on the subject be postponed notwithstanding the opposition of the government. The motion was adopted by a vote of 307 to 218. Floquet thereupon announced that the ministry would at once resign. Immediately after Floquet's announcement all the members of the ministry sent in their resignations to President Carnot.

After the ministers had tendered their resignations they went to M Melene, President of the chamber of deputies, and subsequently had a conference with M Le Royer president of the senate. The rumor was current this afternoon that Melene had been asked to form a cabinet, but to night it is stated that President Carnot has as yet entrusted no one with the task.

Cap'n Hilliard

MONTREAL, February 14.—The blizzard which started in last night and which is still raging, is the worst of the season. The snow fall has not been very heavy but the wind is terrific and the dry snow has been whirled into great drifts making travel exceedingly difficult.

[illegible] Dakota, February 14—In the Bowman police court on Friday Patrick Malloy was discharged with costs, being put on trial for the second time for the Purcell murder. Malloy was committed for trial.

Weather Probabilities.

WAR DEPARTMENT, WASHINGTON D C, Feb 14 1889 8 p m. Indications for twenty four hours commencing Thursday, Feb 15, at 7 a m. For Colorado—Local snow, colder, variable winds.

Motion Denied.

NEW YORK, February 14.—Justice O'Brien in the supreme court today denied without comment the motion made on behalf of Henry S Ives and others for a change of venue in the big suit brought against them by the Cincinnati Hamilton and Dayton railroad.

Farmers Excited.

CHARLOTTE, N C, February 14.—The emigration agents of this section have been draining the country of able bodied negroes. The farmers have become exasperated and are determined to stop it or have armed themselves. The militia have been called on in anticipation of trouble.

The Parnellite's Cargo.

NEW YORK, February 15.—The steamer Caron had sailed late this afternoon for Samoa. It was learned, on good authority during the day, that 123 cases of rifles shell and ammunition which were brought here by the steamer Western Land from Antwerp on Wednesday have been placed on board the Caroline.

Held Up to Succeed Her.

WASHINGTON, February 14.—Secretary Whitney today issued an order detaching Commodore George Belknap from duty as commandant of the Mare Island navy yard, California and ordering him to duty in command of the Asiatic station, to take the place of Rear Admiral Chandler, who died last Sunday. No person has yet been selected as commandant of the Mare Island navy yard.

Barbed Wire Patents.

WORCESTER, Mass, February, 14.—Charles J Washburn, of the Washburn and Moen Manufacturing company, states that the French barbed wire patent of Lucas Anson does not void the Glidden patent. Glidden claims to have invented the twisted fence wire with a spur of wire clamped in position by another wire, but he does not claim to have invented the spurs or prongs.

Move Against Powderly.

CHICAGO, February 14.—A circular was sent from Philadelphia some time ago looking to a reorganization of the Knights of Labor as a secret body and opposed to Powderly. The movement which the circular proposed has been actively push there. It is claimed that more than twenty local assemblies here have already changed their allegiance to the secret organization.

Beale Wins His Suit

DENVER, February 14.—In the United States circuit court today judgment was rendered in the case of Beale vs. The Colorado Midland railway for the plaintiff to the account of $16 352. The suit was for bridge material furnished, but upon which payment was refused by the company on the ground that the material was not furnished within the time specified in the contract.

Mardi Gras.

PUEBLO, Colo., February 14.—Major D L Levy, of San Francisco, arrived in the city this evening to take charge of the Mardi Gras carnival which commences Monday, February 25th and closes Saturday, March 2nd at midnight, when King Rex and his beautiful queen will leave for New Orleans by a special train. The grand spectacular parade will excel anything ever seen in the west.

Annexation by Bribery.

MONTREAL, February 14.—A special from London to the Gazette, the Canadian government organ, says: Statements have reached here through New York that a syndicate of leading republicans in the United States controls $300,000,000 which it intends to use in an effort to secure Canada's annexation to the states by a system of wholesale bribery in Canada, in the event of the dissolution of the Dominion parliament this year and the consequent general election.

Reign of Terror

BALTIMORE, February 14.—A gang of barn burners, whose identity has not been discovered, are creating a reign of terror in Frederick and Carroll counties. Over a dozen barns have been burned. The owner of the first one destroyed received a notice to remove his implements and stock prior to its destruction. The incendiaries use a ball of wet phosphorous with gunpowder inside. When the phosphorous dries spontaneous combustion follows. No possible reason for their deeds is known.

Conference Representatives.

WASHINGTON, February 14.—It is said at the state department that as there is not the slightest wish or desire on the part of the president or secretary Bayard to embarrass the incoming administration with respect to its Samoan policy it is not at all likely that the present administration will arrogate to itself the selection of American representatives at the proposed conference at Berlin, or that it will take any action whatever that might tend to commit the next administration.

Late News From Samoa

AUCKLAND, February 14.—The latest advices from Samoa say that there has been no change in the situation there since the last report. There has been no fighting and Pamasese and Mataafa remain in their strongholds. The British consul has warned British subjects not to supply the natives with arms and to maintain a strict neutrality. The British war ship Calliope has replaced the war ship Royalist. The German and American war ships remain stationary. Herr Brandeis the leading partisan of Tamasese has been recalled to Berlin.

New Association Officers

NEW YORK, February 14.—The American Newspaper Publishers' association concluded its sessions today. Several interesting papers were read this morning. The executive committee was instructed to keep the members posted on the progress made in type setting machines and all differences between employers and employees. Officers were elected as follows: President, Jas W Scott of the Chicago Herald, vice president Colonel Taylor, of the Boston Globe, secretary, F. K. Misch, of San Francisco, and treasurer, W M Laffan, of the New York Sun.

REAL ESTATE DEALS.

The Big Sale of Boulder Heights Property.

The Denver Men Who Have Made the Purchase.

Intentions of the Parties Who Purchased the Salomon Tract.

A Motor Railroad to the City Among the Plans.

The announcement in the GAZETTE of yesterday morning that the interest of C. C. Dickey and Ashley Stables in Boulder Heights had been sold to a syndicate of eastern and Denver Capitalists was an important item. It sounded the first warning note that Denver men of capital and business energy have awakened to the fact that Colorado Springs property has a real value, and that they see in it possibilities which even the citizens themselves have been slow to grasp. A GAZETTE reporter started out to find out something regarding the big deal yesterday and learning that Mr Frank White of the real estate firm of White & Selleck, had negotiated the sale, he paid him a visit. From Mr. White it was learned that the sale had been made, and that the purchasers are Denver men, and men from the east who have invested largely in Denver. There are five of them in all. The transaction is considered a large one and the price paid is more than $30,000, although that is not made public. The amount of land transferred is about sixty lots, and the purchasers are Mr F. H. Dunlevy, of Denver; Mr. W. R Crocell, a member of the New York cotton exchange, Mr C. P. Stevens, western agent of the Vacuum Oil company of Rochester, New York; Mr Frederick Robinson, jr., of the Robinson-McCall company of Denver, and Mr. Bunn who has been in the real estate business in Denver for a number of years. They are men of large capital and plan to expend considerable money in improving the property.

At the invitation of Mr White the reporter got into his buggy and went with him to take a look at the property. A short drive up Tejon street to Platte avenue and then east for a few blocks brought them to Boulder Heights, or as real estate men are pleased to call it "The Capitol Hill of Colorado Springs." To one who has not visited that portion of the city for some time the change is great indeed. The east end of both Platte and Boulder avenues have been widened and extended, the hills on both sides of Shook's run have been graded to a gentle incline, and the creek itself—which will never be a creek again—has been bridged with neat and substantial bridges. On every side pretty cottages are springing up, and some of them are quite pretentious houses. Louis Whipple is building a two story cottage for Mr. L W Popejoy on the south side of Platte avenue. It is to cost $3,000. A mile on which Mr L A Pease will soon begin to build a cottage was pointed out. Boulder Heights is certainly beautifully situated, and as it is one of the highest points in the city the view is grand. As it is only seven blocks from the corner of Pike's Peak avenue and Tejon street the time is not far distant when it will become among the most valuable building sites in the city. Through the alley of each street are water pipes through which run the city water, and most of the property is under the city ditch. The streets on most of the property which the company has purchased have been planted with trees, and a few years will make them lovely shaded avenues. The lots in the addition are each 50 by 120 feet.

From Mr. White it was learned that the members of the syndicate have a number of improvements in contemplation. A portion of their property they will place upon the market immediately. It is desirable that a nice class of houses be built on the heights, and they intend when selling some of the lots to require that if a house is built upon it, it shall cost not less than $3,000. They expect to erect two or three cottages that will cost about $5,000 each. It was also stated that an arrangement had been made with the Boneield Construction company, of Denver, by which it will erect houses for those who wish to build on the heights, on what is known as the installment plan. This company has been operating in both Denver and Pueblo very successfully.

Whatever the outcome of this particular real estate deal may be, the fact that Denver men of wealth and business importance, such as these have become interested in the city augurs well for its future prosperity and it should be the best evidence to the citizens themselves that outsiders have a high appreciation of Colorado Springs property.

The GAZETTE yesterday morning spoke of a big real estate transaction in which A Z Salomon of Denver transferred 1280 acres of land lying east of the city to A A McGlowney and F L Martin of this city. Inquiry reveals the fact that the matter is of greater importance than at first supposed. The syndicate which these gentlemen represent now owns an enormous tract of land just east of this city. Beginning at a point half a mile east they now own, or control, all of the land north of the school section for a distance of six miles east and five miles north. It is all valuable land if it only had water upon it. The syndicate proposes to plat one hundred and sixty acres of the land at a point usually known as the "big mound." Arrangements have been made to supply the platted portion with water from the Austin Bluff company's system, and contracts were signed

Memorials From New Mexico.

WASHINGTON, February 14.—President Harrison today laid before the senate two petitions from the citizens of Albuquerque, N M which denounce as misleading and false the statements contained in the memorial recently presented to congress protesting against the admission of New Mexico as a state.

A memorial from Raleigh also presented to the senate today relating to the price of public lands in the territory. It says that a great public land territory about one quarter of the total area has been granted to railroads and is held at $2.50 an acre notwithstanding the fact that no railroad has been built under the grants. The consequence is that would be immigrants are driven to other territories. The memorialists pray that all public agricultural lands in the territory be opened to settlement at $1.25 an acre, and that the price of [illegible] within fifteen miles of railroads be fixed at $2.50 per acre and of land further removed $5 an acre.

Attempted Lynching.

ST LOUIS, February 14. The body of a switchman named Johnson was found [illegible] Wayne Valley, Mo. Suspicion with the murder. A mob [illegible] Harris was arrested for the crime. As Harris was being conveyed to jail he was taken from the officers by a mob [illegible] Later he was again captured by the mob and was being strung up when the sheriff appeared and after an impassioned appeal from him for the due course of the law the crowd returned Harris to the officers. Last night another mob [illegible] and forced an entrance [illegible] Harris had been sent to Cape Girardeau. It is said that another mob will go to Cape Girardeau to hang the supposed murderer.

PARRISH'S ADDITION!

Only 3 Blocks from Cascade Avenue!

Only 3 Blocks from The Antlers Hotel!

Only 4½ Blocks from Post Office!

THE STREETS IN PARRISH'S ADDITION

Are 100 to 140 feet in width. THE ALLEYS are all 20 feet wide. There are no 60 or 80 feet streets, and narrow, 10 feet alleys, such as are found in other loudly advertised "Additions," with high sounding titles, where you pay high prices for lots, without duly considering that you are throwing away your money.

In the Alley Behind Every Lot in Parrish's Addition

There is a 3-inch Water Pipe, connected at Chestnut street with a 16 inch main; the Largest in the City's System. THE MAIN CITY DITCH, taking pure, clear water from the Fountain, runs just back of PARRISH'S ADDITION, and within a stone's throw of it.

YOU ARE SURE TO GET WATER

(Both from Pipes and Ditch) in PARRISH'S ADDITION if there is any water in the Fountain even if other parts of the city are suffering from scarcity of the precious fluid.

REMEMBER THE FOREGOING, and then, when I tell you I will sell you a First-Class

Lot in Parrish's Addition for $350

To $1,000 a full size lot 50 by 100 feet do not hesitate a moment about buying. You can buy two lots on a corner and erect pretty little cottages across them, giving each cottage a neat, pretty little yard, and readily rent them; owing to the location, etc.,

To Pay You 25 to 35 Per Cent Per Annum on the Entire Investment.

WHERE CAN YOU DO THIS ELSEWHERE?

THE STREET CAR LINE RUNS THROUGH PARRISH'S ADDITION, from East to West, and will doubtless soon be extended to the North, past the "Mesa Road" up to THE ROCK ISLAND SHOPS. *Lots are sold on Terms to Suit Buyers, if possible.*

DAILY WEATHER REPORT.

[illegible]

The drawing for the silver water lilies will take place Saturday night at Earle's jewelry store.

The Young People's Society will give a social at the Presbyterian church this evening to which all are invited.

The Novelty advertises still cheaper rates on popular magazines. Notice their change of advertisement this morning.

Edgar Howbert's real estate office has been removed from the Western Union Telegraph office to his office in the court house.

E S Cohen & Co will occupy the old Hub building as a commission house, the Misfit establishment having taken its departure.

Mr. Ed P. Matthews, of Carthage Ill., formerly a resident of Colorado Springs and in the employ of Westerfield's undertaking establishment, is in the city for a visit of a few days.

It is stated that the syndicate of eastern capitalists who purchased the Boston Land company's addition to Roswell have arranged with a number of railroads by which an excursion will be run to this city once a month during the spring and summer. A fifteen dollar rate will be charged from Kansas points.

From papers in his possession it was learned yesterday that the man who died so suddenly in the city jail on Tuesday night was named C. B. Spaulman. He had a note for $140 and a letter on his person from Dr. D. C. Baldwin, of Hewins, Kansas. Marshal Dana found that there was no telegraph office at that place, and telegraphed to Arkansas City, the nearest point, yesterday, and it will take some time to get an answer. Dr. Strickler, assisted by Drs. Hazelhurst and Robinson, held an autopsy on the remains last night. They came to the conclusion that the man died from poisoning, but fuller particulars could not be learned. The man was not under arrest but was being cared for by the police after he was found at the depot.

There will be another game of foot ball this afternoon at the association grounds between the College team and the Colorado Springs club. Both teams are in good practice, and those who attend will see an exciting and interesting game.

The club expects to have a match with the Denver High School club on February 22. The following are the players and the positions of the Colorado Springs club: Bruce, (captain) left rush; Mallock, left tackle; Harris, left guard; Harris, center; Townsend, right guard; Douglas, right tackle; McKenzie, right rush, Earle, Goddard, half-backs; Connell, quarter back, Carmichael, full-back. The game will be called promptly at 3 o'clock.

The Wellston, O., Argus of recent date has the following personal item: "Miss Nellie E. Lorberg, of Portsmouth, Ohio, who has been stenographer in the office of the Hubert Coal and Mining company for the past year, a young lady of rare accomplishments and brilliant attainments, who has by her kind and genteel ways endeared herself to all our people, leaves to-day to join her parents at Colorado Springs, Colo., stopping at Chicago en route to spend a few days with relations. Miss 'Nell,' always modest and ladylike, will reflect credit upon her native state. She carries splendid endorsements from Hon. A. C. Thompson, M. C., Secretary of State Daniel J. Ryan, Prof. F. W. Willis of Springfield University, and other prominent people. Her many friends here wish her well in her western home. We also take pleasure in commending her to the people of the Centennial state."

Dr. G. W. Lawrence has been missing important bottles of medicine from his office since turning the A. O. U. W. delegates loose in it the past two days. Last night he went to his office and found one of the bottles with the following note attached.

COLORADO SPRINGS, COL., Feb'y. 13, 1889.

DR. G. W. LAWRENCE:

DEAR SIR—I have just returned from South America where I did a little business in my line. Herewith return the vessel borrowed of you last night with thanks for your kindness. Shall leave on the morning train. Good luck till I return. Yours truly,

Closing Hours of the Fifth Biennial Session A O U W

The grand lodge A O U W [illegible] closed its business session [illegible] The Pioneer was the [illegible] of a secret [illegible] of important results [illegible] passed

Among the important [illegible] was the adoption of the degree of honor This is a branch of the order [illegible] to the Rebekah degree of Odd Fellowship of the Eastern Star degree of Masonry and [illegible] the wives and daughters of members [illegible] upon the order

All degrees adopted are to [illegible] after they have been approved by the supreme [illegible] which will [illegible] sixty days

A resolution was adopted whereby [illegible] the ordinary [illegible] and of a criminal offense and subject [illegible] be prosecuted

The A O U W Record, of Denver [illegible] the official organ of the grand lodge, and through its columns will be given official notice of assessments to individual members A copy of the paper will be furnished every member of the jurisdiction

The beneficiary article adopted goes into effect and will be promulgated by the grand master as soon as it is approved by the supreme lodge, and as soon as promulgated the present laws concerning the beneficiary article are repealed

A resolution was adopted that the grand lodge will not accept an invitation of excursion, banquet or other entertainment that will interfere with the workings of the body, and the grand recorder is instructed to notify the subordinate lodges where the sessions meet from time to time, of such fact,

Resolutions thanking the retiring grand lodge officers for their efficient services were passed, and also resolutions thanking the various railroads for reducing their rates to members

The following resolutions were offered and adopted with a rising vote

WHEREAS, This grand lodge is indebted to Badito lodge No. 24 and Badito legion No 16, A O U W, and the citizens of Colorado Springs, for kind hospitality and courteous and fraternal treatment received during our attendance at this session of the grand lodge, therefore be it

Resolved, That the thanks of this grand lodge are due and are hereby heartily and fraternally tendered to Badito lodge No 24 and Badito legion No 16, A. O. U. W., and the citizens of Colorado Springs; that our brief stay in this beautiful and prosperous city will always be remembered as one of the pleasantest recollections in the history of our order.

Be It so, That a copy of the foregoing be transmitted to Badito lodge No 24 and Badito legion No. 16, A. O. U. W.

It was decided to hold the next session at Cripple Creek two years hence etc.

After installation of the new officers the grand lodge adjourned

A pleasant feature of the day was the presentation to Mrs. John K. Shipman wife of the retiring master workman, a handsome silver tea set by the members of the grand lodge. The presentation took place in the parlors of The Antlers hotel

According to General Traffic Manager Colbran, of the Colorado Midland about one thousand tons of coal and coke are shipped over that road per day. This is a very large amount of traffic on a new railroad, shipping from new mines. Ten years ago this probably equaled the total amount of coal shipped over all the railroads in the state.

During the recent debate in the senate on civil service reform, Senator Hawley, after quoting the solemn pledge of the republican party in its national convention, said: "If I were called upon as an individual to give any young, rising statesman advice as to what was his wisest course in this matter, I should tell him that he had better take that for an honest assertion, and I think that the party, whatever party, that has the management of the government had better so consider it." This position of Senator Hawley seems to have been generally endorsed by the republican senators. Kansas stood solid for the motion.

General Alger seems to have fallen, as much as it is possible for anyone, into the place in the hearts of Grand Army men which was held by General Logan during his life. There is but little doubt that Alger's selection for a cabinet portfolio would please a large majority of veterans. His war record was brilliant. He rose from the ranks to a major-generalcy by distinguished service. In civil life his career has not been less marked. It is probable that a place in the cabinet will be given to the Grand Army and Alger's splendid soldiership in the service of his country and his unquestioned ability, together with his popularity, to be him the most probable candidate among the veterans.

The libel law, as applied to newspapers, is receiving a great deal of attention in the east. At the present time the law is unfair in many particulars. The important provision of the new law are about as follows: First, that malice shall not be presumed from the mere fact of publication, but must be proved; second, that there shall be no damages unless malice is proven; third, that any correction or correction of the alleged libel article shall be admitted admissible in modifying the damages; fourth, lawyers shall not be allowed to begin suit for contingent fees. These modifications are important for many reasons. It is impossible for a newspaper not to innocently fall into occasional error, which would do injustice to certain parties. Such a vast number of men are engaged in the preparation of news for a large newspaper that it is impossible for all of the facts to be known to the exact possible head. The design of these modifications of the libel law is not to protect those papers which willfully seek to damage the reputation of reputable citizens. It is rather to protect newspapers in their legitimate work as news gatherers.

There are various ways of judging of the prosperity of a city. But perhaps the surest is the esteem in which its credit is held. On Monday night our six per cent. bonds were placed at a premium of four per cent. This is as good as the credit of Chicago was ten years ago, and nearly as good as the credit of Kansas City and Omaha. It is very seldom that a town of this size in the far west can borrow money at such a rate because it is not until the town has a population of something over fifty thousand that it is solicited by well known eastern capitalists to look up its credit. Besides those who do look up the credit of a town of this size do not usually consider its future determined until its population is greater than ours. As the successful bidder was a Boston banker it is, perhaps, the highest testimony that could be given to the confidence which this community holds in the estimation of the careful investing class in the east. Though this is a small town, its credit ranks as high, and its growth and stability are as fully assured, as that of any city west of the Missouri.

Senator Betts' speech against the Wilson high license bill has aroused much indignation among the newspapers of Pueblo. Not only is his opposition to the bill a surprise and a disappointment to those who were his most ardent supporters during the recent campaign, but his reason for opposing it is regarded as an insult to the city of Pueblo. Mr. Betts has always been regarded as the friend and champion of high license, and it is claimed that in the Pueblo city election one year ago the republican ticket was defeated because it was the general impression in saloon circles that the ticket was a high license ticket and that Mr. Betts was largely responsible for creating this impression. It was naturally expected that a man who was willing to see his party defeated for the sake of a principle could be depended upon to support that principle in the legislature. Even since Wilson's bill was introduced Mr. Betts was regarded as favorable to it, but his speech in the senate the other day shows him to have entirely changed front. His reason for opposing the bill, that it could not be enforced in Pueblo, is to say the least inadequate. High license has been easily enforced in many cities of the union. When Mr. Betts said that the law could not be enforced in his own city he made it appear that Pueblo is a lawless town, and its citizens will hardly thank him for the insult. The city had not that reputation.
